

Fundraiser

Badger does great fundraisers in house and with outside sales. Merchant cards, cookie dough, pizza, Badger Cards and more! The sales incentives we use, FREE passes and parties at Badger, set us apart. Kaukauna Youth Football recently raised \$18,000 with our cookie dough fundraiser. We increased their net profit by 300%!

Lock-ins/Dances/Post-Proms

Choose from an over-night 6hr party or our 3 hr Midnight package. Have our DJ let you rock the night away. We can handle groups of 75 to 400.

Are your students bored?

Looking to put the fun back into education?

Fun Field Trips

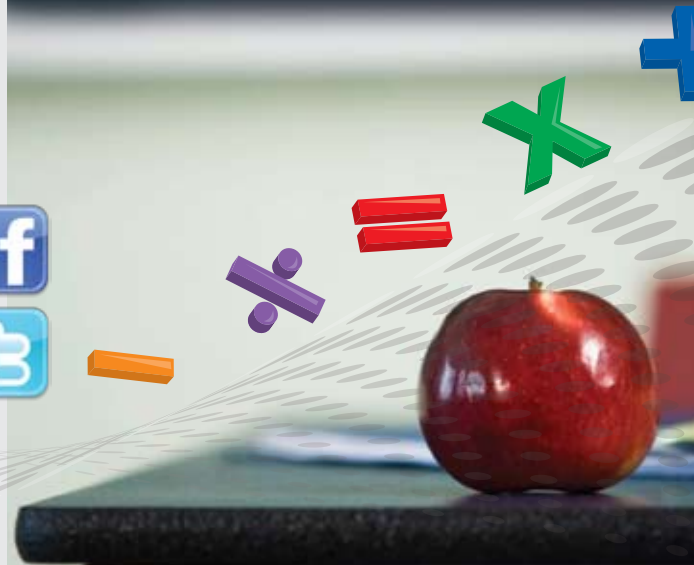

- Great end of the year parties and class trips
- Combine a fun field trip with our educational programs

Educational Field Trips

Badger Sports Park, with the generous assistance of the Kimberly School District, has developed a curriculum in accordance with the Wisconsin State Standards K-12

- Structured programs led by our staff
- Spring, Fall and Winter programs available
- Career Days
- Math/Science/Physic Benchmarks
- DECA – See how we market our facility. Learn how we use our website, social media & mass marketing to attract over 100,000 people and 1,500 groups and birthdays to Badger every year.
- Developing gross motor skills
- Specializing in Pre-K/Elementary 100 Day Celebrations

D.U.I. Fatal Vision

Over 300 people die every year on Wisconsin's highways. Badger is committed to help educate drivers of all ages about the effects of drinking and driving. We use professionals to take you through a multi-stage program which includes:

- Wearing our Fatal Vision Goggles while navigating a cone course in our go karts
- Heel to toe and other DUI field tests are given
- Sobering video and follow up discussions with police and in some cases victims of DUI

Fatal Distraction (texting)

The Fatal Reaction Unit provides a hands-on and engaging activity that dramatically demonstrates the dangers of distracted driving. The lesson begins when your participant tries to accomplish two simultaneous activities while wearing Fatal Reaction and using Distract-A-Match.
